Objective

I am a student at the Faculty of Agriculture, Department of Soil and Water Sciences. I'm a junior entrepreneur and founder of "Bio Lacto." I'm passionate about scientific research and personal growth. I work effectively in teams, handle pressure well, and always meet deadlines. I'm also gaining experience in sales, building strong communication and problem-solving skills.

Education

Bachelor of Agriculture, Department of Soil and Water Sciences .

Sep 2022 till Jul 2026

Work Experience

Sales Associate

Jan 2019 - Dec 2023

During my five years as a Sales Associate, I honed my customer service and communication skills, allowing me to effectively engage with diverse clients. I gained extensive experience in sales strategies and inventory management, which enhanced my ability to meet targets and optimize store performance. This role also improved my problem-solving skills and adaptability in a fast-paced retail environment.

Recruiter on Black Hands .

Apr 2024 - Oct 2024

As a recruiter, I've learned key skills such as effective communication, talent sourcing, and problem-solving. This experience has enhanced my ability to manage multiple tasks efficiently and strategically attract top talent to meet organizational needs.

Operation Director in Vivem

Dec2024 – till now

Led daily operations and team coordination to ensure smooth workflow and timely project delivery. Developed strong problem-solving, decision-making, and communication skills while improving internal processes for better efficiency.

Salles in Azzrak

Jun2025 _ till now

Working in sales at Azzrak in the Saudi market taught me how to communicate with different customer types and close deals effectively. I also developed strong negotiation skills and learned how to adapt quickly to a fast-paced, target-driven environment.

Training & Internships

- Trained at the Agricultural Research Center in Mansoura, where I gained practical experience in agricultural analysis, crop management techniques, and modern farming practices. Participated in the
- Hult Prize entrepreneurship training program, where I learned the fundamentals of business modeling, problem-solving, and pitching innovative solutions for real-world challenges.
- Completed an entrepreneurship bootcamp at the Creativa Innovation Hub marathon, focusing on business ideation, market research, and developing innovative startup solutions through teamwork and mentorship.
- I trained at Azzrak Company in online marketing and sales, where I gained hands-on experience in customer communication, digital promotion, and closing deals.

Courses & Certifications

- Completed the Forward Program by McKinsey & Company, a skills-based learning journey focused on leadership, problem-solving, and adaptability in the modern workplace. Graduated
- from the Aspire Leaders Program, a global leadership development experience designed by Harvard faculty, focusing on personal growth, critical thinking, and social impact.
- I completed the SRT course from URI “Undergraduate Researcher initiative”
- I completed the URE course from URI.
- I completed the RL course from URI.
